

Report

For kaggle1 database

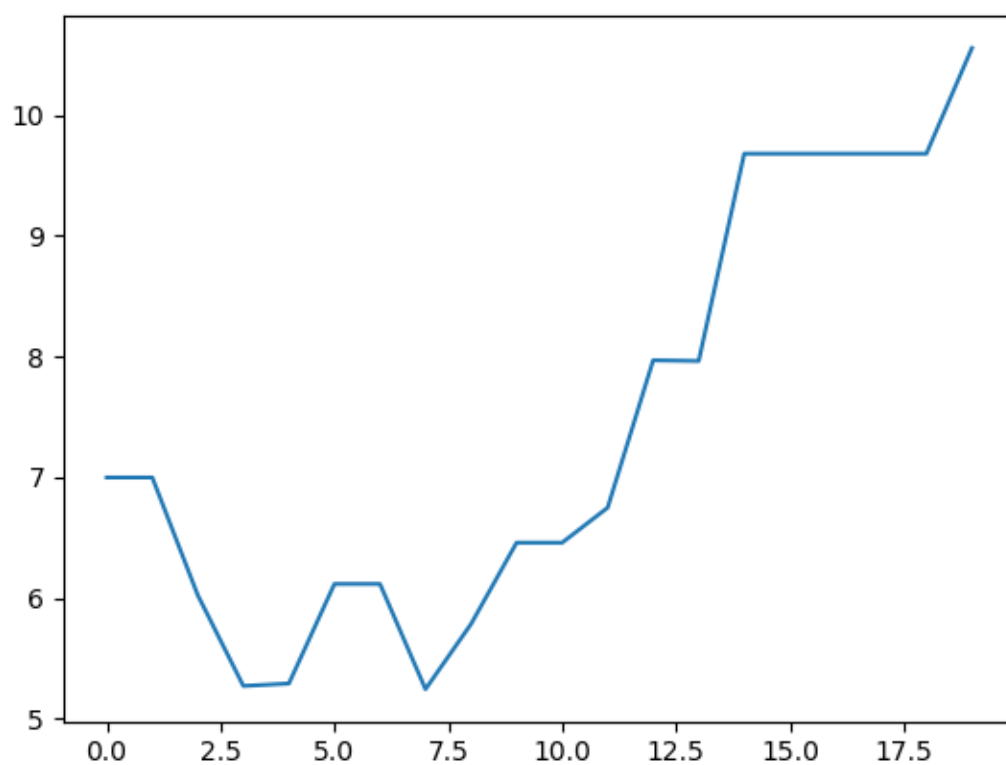

best loss value 4.821557685

min number of leaves:4

graph of Mean squared deviation vs min leaf size

graph of absolute error vs leaf size

time for optimal leaf size

training 1.593378

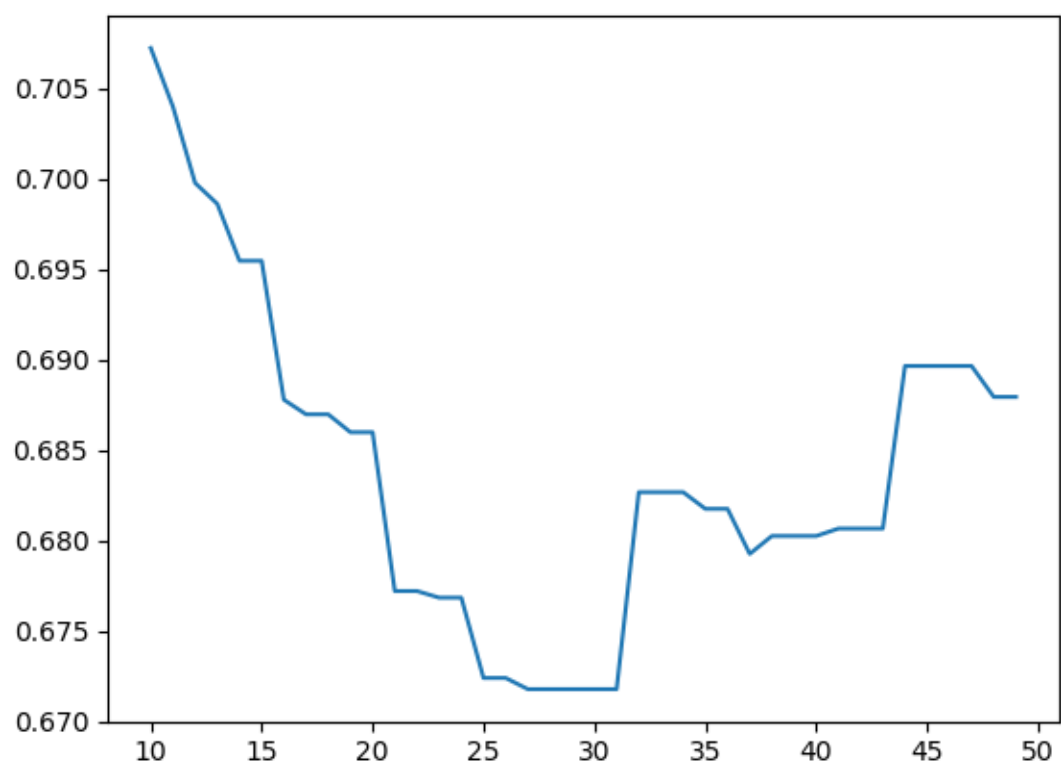

test 0.1938377

For kaggle2 dataset

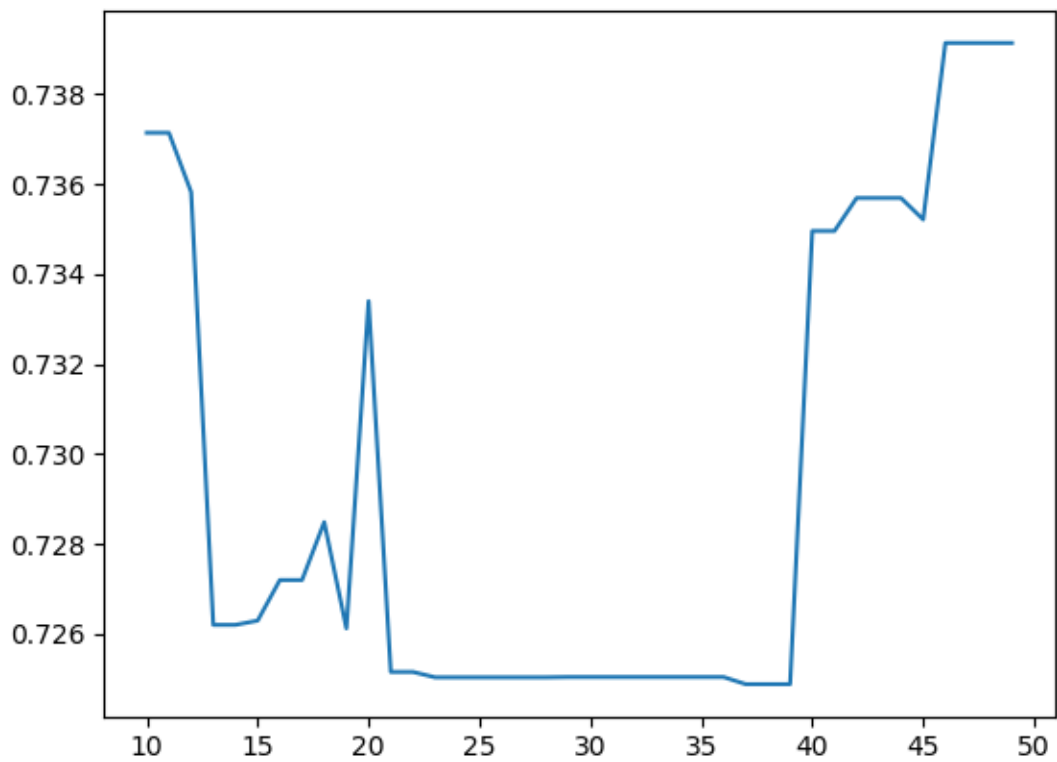

best loss value 0.671799791

min number of leaves:30

graph of Mean squared deviation vs min leaf size

graph of absolute error vs leaf size

time for optimal leaf size

training 33.327941

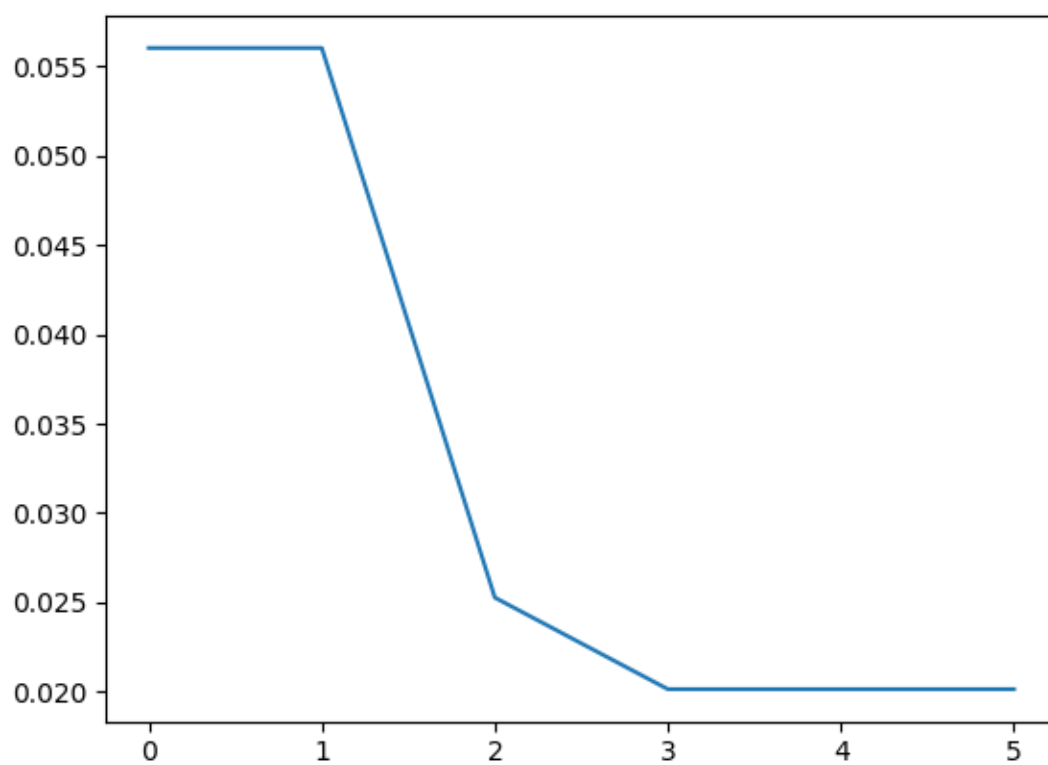

test 0.335436

For toy dataset

min number of leaves: 5

graph of Mean squared deviation vs min leaf size

graph of absolute error vs leaf size

time for optimal leaf size
training 0.01562
